[Site location within downtown.jpg](#)

Hi Tonya,

Apologies for the delay in getting this image to you. We searched through our files for photos of the interior of buildings, but were unable to find any. We will continue to look and if we find anything, we will pass along.

I was able to find this one image of downtown Des Moines and the site. Please let me know if this is what you were looking for or if there is anything else that you need that we might have on hand.

We are also working on an email to you with some follow up questions.

Thank you,

Beth

If you can get those to me this week that would be great. Not sure if you have any additional photos showing the conditions inside the buildings, but if you do, those would be helpful, too.

Hi Tonya, I believe we do have those original images. I'm copying Beth and Alisa here and we will get back to you shortly.

Matt, do you have the photos and a jpg of the conceptual city plan on page 2 that were used in the 2007 Des Moines TCE reuse plan? I'm trying to pull them for a HQs presentation, but the photos are really small and the conceptual plan doesn't want to cooperate.
